Subject: Membership Application

Dear Dr. Poisant,

On behalf of the Union of Employers of Information and Communication Technologies (UE ICT), I am applying for World Information Technologies and Services Alliance's Associate Membership.

UE ICT is a recently established Armenian association, which unites big and small companies from ICT and ICT-related spheres, as well as universities and colleges involved in ICT education.

Our main focus areas are fully in line with the goals of WITSA. We believe that by joining this global consortium the Union will be able not only to fulfill its mission in complete, but also to have our modest contribution to joint actions aimed at promoting and facilitating the global growth of ICT industry.

More information on UE ICT could be found in the attached brief profile.

We are looking forward to joining WITSA and collaborating with new partners.

Sincerely,

LILIT GEVORGYAN
UE ICT EXECUTIVE DIRECTOR
