I would like inform you, that the Union of Information Technology Enterprises' board made decision on replacing Armenian representative in WITSA Board of Director. Take in account the upcoming WCIT2019, UITE Board would like to increase UITE participation in WITSA activities. So that, UITE Board kindly apply to you to replace our current representative in BOD Hayk Chobanyan with Alexandr Yeseyan, who is UITE President. Hayk Chobanyan also agreed with this decision.
