

Obstructive sleep apnea (OSA) a global healthcare burden

Lévy, P., Kohler, M., McNicholas, W. et al. Obstructive sleep apnoea syndrome. *Nat Rev Dis Primers* 1, 15015 (2015)

OSA's impact to health and its association with other chronic diseases

OSA Comorbidity

Seet E, Chang F. Obstructive sleep apnea: preoperative assessment. *Anesthesiol Clin.* 2010;28:199-215.

Medical Wearable for Sleep Health Monitoring

Traditional medical device

- Expensive
- Cumbersome set up
- Labour intensive
- Uncomfortable for users

Belun Ring

- AI analytics via mobile network
- Comfortable & easy for users
- Lower cost
- Enable telecare

belunring

- FDA-cleared medical device
- Ergonomic wearable
- Comfortable and easily done at home by yourself
- Data upload through mobile network
- Cloud-based AI analytics
- Empower healthcare providers and patients
- Remote monitoring of treatment progress
