Dear Ms. Leanne Ooi,

**11th MALAYSIA PLAN: SUSTAINABLE MANUFACTURING PROGRAMME –
REMANUFACTURING**

The above matter is referred.

2. The **“Sustainable Manufacturing Programme – Remanufacturing”** was a strategic gap analysis program conducted from June 2016 until April 2017. The goal was to assess and understand the current condition of the Malaysian remanufacturing industry. Your company was one of the remanufacturers that was studied, and we thank you for your cooperation and support throughout the running of the program.

3. The performance of your company are as follows:

3.1 Remanufacturing Seven Key Process Areas (R7KPA) Audit

Result : **REMANUFACTURER**

Marks : 96.9 per cent

3.2 Remanufacturing Business Maturity Level Audit

Result : **LEVEL 4 (GOOD, ABOVE INDUSTRY AVERAGE)**

- Processes are standardized, measured and controlled.

3.3 Gate-to-Gate Life Cycle Assessment (Remanufacturing Facility)

Result : Insignificant impact in Global Warming Potential
Insignificant impact in Acidification
Insignificant impact in Ozone Depletion
Insignificant impact on Eutrophication
Insignificant impact on Human Health Cancer (Air)
Insignificant impact on Ecotoxicity (Air)

4. In further elevating your remanufacturing processes, we suggest that accreditation schemes such as ISO9001, ISO14001, OHSAS18001, SIRIM Standard 12, and SIRIM Standard 13 should be applied. For your information, accreditation is covered under MITI's Market Development Program (MDP). If you wish to apply to any of these schemes using MDP, please fill up Attachment A and email it back to us.

5. We would like to again thank you for your cooperation, and look forward to working with you again in the future.

Respectfully,

DR HALIM SHAH BIN DATO HAMZAH
