Hi Anders,

Follow-up from your email and request:

AIDA Technologies Pte. Ltd. For its SMART CLAIMS solution [Nomination: [MS Word](#); [PDF](#)]
Nominated by: SGTECH, Singapore

- The submitted documentation is detailed and comprehensive. If any links to news articles or press releases are available which shows real-life success stories and data, please send to me by September 14th.

Please see attached document,

City Developments Limited for its CityNexus mobile app [Nomination; [CityNexus App website](#); [CNA youtube report](#) – Republic Plaza relaunched after S\$70m makeover]
Nominated by: SGTECH, Singapore

- Very impressive solution and good documentation. Is Republic Plaza the only building using the app, or are the others?

Ans: So far only the Republic Plaza is the only building using the app. No implementation in other properties.

Additionally entries:

We will be submitting the following seven solutions to four categories:

Category 2 – COVID-19 Tech Solutions for Countries or Regions	1. TraceTogether national contact tracing programme 2. Digital Operations Smart Systems (DOSS)
Category 3 – COVID-19 Best Industry Solutions	1. SafeEntry 2. VigilantGantry
Category 5 – Digital Opportunity/Inclusion Award	1. SupplyAlly (Sally)

The above entries are submitted by GovTech Singapore. Unfortunately the entries of the same category were submitted in 1 application. We have requested them to re-do the application again. The information should be able to send over by tomorrow.

Dear Jacqueline,

Thank you again very much for the SGTECH nominations. It appears all four nominations are in the Digital Innovation Award category, though there max two nominees are allowed in any one award category. I need your advise on how to address this; e.g. which two nominees to keep in the Digital Innovation Award category:

2. **Spark Systems Pte Ltd.** [[Nomination](#)]

Nominated by: SGTECH, Singapore

3. **AIDA Technologies Pte. Ltd. for its SMART CLAIMS solution** [Nomination: [MS Word](#); [PDF](#)]

Nominated by: SGTECH, Singapore

4. **City Developments Limited for its CityNexus mobile app** [[Nomination](#); [CityNexus App website](#); [CNA youtube report](#) – Republic Plaza relaunched after S\$70m makeover]

Nominated by: SGTECH, Singapore

5. **Tookitaki Holding Pte Ltd** [[Nomination](#); [Annex1](#); [Annex2](#)]

Nominated by: SGTECH, Singapore

In a preliminary review, I believe AIDA and City Developments Limited are both strong candidates. For these two nominees, I have the following questions and comments:

AIDA Technologies Pte. Ltd. For its SMART CLAIMS solution [Nomination: [MS Word](#); [PDF](#)]

Nominated by: SGTECH, Singapore

- The submitted documentation is detailed and comprehensive. If any links to news articles or press releases are available which shows real-life success stories and data, please send to me by September 14th.

City Developments Limited for its CityNexus mobile app [[Nomination](#); [CityNexus App website](#); [CNA youtube report](#) – Republic Plaza relaunched after S\$70m makeover]

Nominated by: SGTECH, Singapore

- Very impressive solution and good documentation. Is Republic Plaza the only building using the app, or are the others?

As regards, **Tookitaki Holding Pte Ltd**, I notice it is also nominated for the COVID-19 Tech Solutions for Cities and Localities Award. Is this a mistake? I could not find any information in the nomination pertaining to COVID-19.

I am looking forward to hearing from you soon regarding the above-mentioned nominations.

The deadline for submitting nominees is September 14th, so there is still time to send us additional nominees (for the other award categories), if warranted.

Best regards,
Anders
