

E-Education & Learning Award

Award #1: Individuals, academic institutions, corporations, or NGOs

A) YOUR NOMINEES:

Broadway Infosys Nepal Pvt. Ltd. for:

E-Education & Learning Award

B) REASONS FOR NOMINATION:

Introduction

Broadway Infosys has been a game changer in the field of professional IT education. We have been **providing professional IT courses to thousands of students, on an online and/or onsite basis, with proper practical and career-oriented training.**

Keeping the above aim in mind, here are some reasons why Broadway Infosys should be nominated for the **E-Education & Learning Award**:

1. Broadway Infosys is a pioneer provider of quality professional IT training in Nepal which has been highly effective in developing the careers of thousands of IT professionals over the years.
2. Broadway Infosys has created thousands of internships and job opportunities with the help of hundreds of accompanying placement partners.
3. Broadway Infosys has provided IT awareness to the people so that they are motivated to pursue their dream of being a professional in the field.
4. Broadway Infosys has offered effective online classes, that reach almost every student around the globe as a priority to revolutionize the modern-day learning requirements.
5. Broadway Infosys has been providing scholarships effectively to deprived, underprivileged, and merit students so that they can achieve their full potential.
6. Broadway Infosys has been contributing to the theme of Digital Nepal by participating, organizing, or sponsoring several programs on information technology all over the country.

7. Broadway has been trying to bridge the gap between academia and career so that there is no difficulty for either our students or the organizations that are looking for employees.
8. Broadway is also conducting various social responsibility activities which ensure our contribution to our nation. For example, it contributed to the quake in Nepal via various clubs.
9. Broadway has been contributing to different IT colleges, financially and trying our best to ensure that there is sufficient manpower. Likewise, we also train such manpower.

Apart from the above reasons, here are other few reasons why Broadway Infosys is nominated for E-Education & Learning Award

Broadway Infosys's overview and services that we provide:

Broadway Infosys, an ISO 9001:2015 certified IT learning center is a pioneer and leading institution in Nepal. It has been providing professional IT training for 14 years and running. Broadway offers well-structured complete professional training in many IT courses that are available and in demand in the modern IT market. With the proper facility of training labs, it aims to ensure that our trainees are world-class in any course that they aim for.

Strategy for Variable Guidelines:

Keeping the variable guidelines in mind, Broadway's strategies are:

- a) Training the staff so that they gain experience of the changes and upgrade their ability to handle such changes.
- b) As a professional IT learning center, we ensure that our syllabuses are updated as required. This enables the students to be updated with the latest trends in the IT world.
- c) As an ISO-certified institute, we follow the norms that are set by the ISO itself. Also, every 6 months, we provide training to the staff regarding the updates concerning the norms of ISO. As a result, old staff, and new staff, both are capable of handling changes.

How Excellent Services Are Provided:

Broadway ensures the excellence of service by remaining true and faithful to our promise of practical-oriented classes, real-life scenario discussion, and more interaction with industry-leading experts.

Similarly, Broadway has online classes for the ones who cannot physically attend the classes due to any reason. This enables our services to reach all students, everywhere, without any barrier or obstruction.

All the students have been provided with a solid and knowledge-friendly infrastructure, a proper and well-equipped lab, and qualified professionals. This ensures uninterrupted and priceless gaining of education and knowledge.

Likewise, Broadway also provides job and internship opportunities to our students. Once they have completed their course, Broadway collects their CVs and supports them by sending the CVs to various companies with vacancies announced.

Hard Skills and Soft Skills are given a high priority. Students can also choose which one they would prefer to take, or they can take both to improve their range of skills.

Upcoming Plans:

Broadway Infosys is developing a global learning platform as an elaboration of the Learning Management System (LMS) that uniquely offers affordable live IT training by connecting the experts and seekers virtually. We believe this will be one of a kind project that positively affects thousands of people by creating learning opportunities as well as employment opportunities.

Success Gallery and Testimonials by Students:

Broadway's outstanding students are saved in their success gallery. Likewise, their testimonials are also kept very safely.
